Two new positive cases of COVID-19 reported on Kaua'i

LĪHU'E —The Kaua'i District Health Office today reports two new positive cases of COVID-19. There are now four active cases on Kaua'i at this time, and the cumulative total of cases to date is 51.

The two new cases are adults and both are related to inter-island travel. These cases are unrelated to each other and unrelated to the cases announced earlier this week. All four of the active cases remain in isolation and none have required hospitalization.

Contacts of the cases have been notified, quarantined and offered a test.

Tuesday's two new cases will be reflected on the state's COVID-19 website on Wednesday at hawaiiicovid19.com. The count is updated at noon every day. For local updates, visit the Kaua'i Emergency Management Agency page, www.kauai.gov/COVID-19.
